## OUR SHAREHOLDERS

The Calista Region encompasses 57,000 square miles and is the second largest Alaska Native Claims Settlement Act region in land size. There are no roads that connect it with the rest of Alaska. Because everything must be flown or barged to each community, the costs of food, fuel, transportation and energy are extraordinarily high. Calista Corporation and its subsidiaries work hard to improve and enrich the way of life for our Shareholders and Descendants

## WHEN WE WIN, EVERYBODY WINS

Our contracts and profits serve 31,000 Alaskan Native People, our neighbors, and our employees.
