WHEN ONE WINS, WE ALL WIN.

Our contracts and profits serve 38,000 Alaskan Native Shareholders, our neighbors, and our team members.

OUR SHAREHOLDERS

Yulista is a wholly-owned subsidiary of Calista Corporation. The Calista Region encompasses 57,000 square miles and is the second largest Alaska Native Claims Settlement Act region in land size. There are no roads that connect it with the rest of Alaska. Because everything must be flown or barged to each community, the costs of food, fuel, transportation, and energy are extraordinarily high. Calista Corporation and its subsidiaries work hard to improve and enrich the way of life for our Shareholders and Descendants.

MAKING THE IMPOSSIBLE, POSSIBLE

Yulista is a collection of small businesses serving military customers in the aerospace and defense industry across the globe. We provide on time and on budget aerospace and defense services for commercial and government clients. Yulista's subsidiary companies have successfully tackled numerous projects that required expertise in complex integration in ground support, test, flight hardware and armament systems.
