

GSA OASIS+

MULTIPLE-AWARD CONTRACT TO BE LEVERAGED ACROSS ALL FEDERAL AGENCIES

GSA's One Acquisition Solution for Integrated Services (OASIS)+ Multi-Agency Contract (MAC) is a Government-wide, multiple-award, Indefinite Delivery, Indefinite Quantity (IDIQ) acquisition program for services. OASIS+ is designed to address the government's need for a full range of service requirements that integrate multiple service disciplines and ancillary services/products with the flexibility for commercial and non-commercial requirements to achieve a total solution.

OASIS+ is organized by "Domains" or functional groupings of related services spanning multiple NAICS codes. NAICS codes listed under the Domains are designed to align order requirements to qualified industry partners.

Yulista and its subsidiaries are awardees in the following domains:

Management and Advisory (M&A)

Yulista Services LLC (YSL)

- UR: 47QRCA25DU353
- SB: 47QRCA25DS553

Technical and Engineering (T&E)

Yulista Solutions LLC (YS)

- UR: 47QRCA25DU120
- SB: 47QRCA25DS555

Research and Development (R&D)

Troy 7, Inc. (Troy7)

- UR: 47QRCA25DU339
- SB: 47QRCA25DS279

Facilities (FAC)

Tunista Logistics Solutions (TLS)

- UR: 47QRCA25DU718
- SB: 47QRCA25DS290
- 8(a): 47QRCA23R0002

Logistics (LOG)

Yulista Support Services LLC (YSS)

- UR: 47QRCA25DU160
- 8(a): 47QRCA25DA103
- SB: 47QRCA25DS556

Benefits and Features of OASIS+:

- Available to all federal agencies
- Designated Tier 3 Best-in-Class (BIC) contract, supporting agencies in meeting their spend under management objectives
- Aligns with Executive Order "Eliminating Waste and Saving Taxpayer Dollars by Consolidating Procurement"
- Supports classified and unclassified requirements
- Supports SB set-asides and sole source (direct) 8(a) orders
- Limited basis for protests on orders valued up to \$10M (\$25M for DoD, NASA, or Coast Guard)
- Access to pre-vetted industrial base of highly qualified contractors
- Allows agency direct access and/or offers GSA Assisted Acquisition Services support
- No contract ceiling or cap on awards (contract and task-order level)
- Allows Ancillary services and Other Direct Costs (ODCs)
- Allows all contract types – Fixed Price, Cost Reimbursement, T&M/LH, Hybrid
- Period of Performance 12/17/2024-12/16/2029
Base Period with one five-year option:
 - Option 1: December 17, 2029 – December 16, 2034
- Low Contract Access Fee (CAF) of 0.15%
- Work can be performed world-wide
- Task order solicitation through a single platform, GSA eBuy

OASIS+ Ordering Process

The General Services Administration (GSA) designed the OASIS+ contract for easy use and has provided two flexible options for placing task orders:

Direct Order/Direct Bill

Customer agency Contracting Officer (CO) performs the acquisition and is responsible for all post-award contractual administration. This option requires the warranted CO to hold a Delegation of Procurement Authority (DPA). Obtaining a DPA is simple and is the first requirement a CO must meet to solicit, evaluate, award, and modify task orders under OASIS+.

GSA Assisted Acquisition Services (AAS)

For many customers, GSA AAS services is the preferred route. GSA AAS supports the full spectrum of the acquisition life cycle so the customer can focus less on acquisition management and more on agency core mission activities.

When one wins, we all win.

Yulista is committed to being the world's leading Alaska Native Corporation (ANC) offering comprehensive system modernization, sustainment, readiness, and mission support solutions serving military and civilian customers in the aerospace and defense sectors. Our family of companies are organized into four business lines:

- Manufacturing, Integration, Modification (MIM)
- Maintenance Logistics (MLG)
- Technical Services (TSG)
- Base Operations Support (BOS)

We are a collection of small businesses, each offering unique and specialized capabilities within their respective fields. Our subsidiaries operate cohesively under the overarching Yulista umbrella. This allows us to leverage combined strengths, foster collaboration across diverse expertise areas, and provide comprehensive solutions to our customers.
